Return of the 5.0!

From ford.com

DEARBORN, Mich., December 28, 2009 – The 5.0 is back! The 2011 Ford Mustang GT arrives with an all-new advanced 5.0-liter V-8 engine, developed by a passionate cadre of enthusiastic engineers who rallied around the common goal of delivering more than 400 horsepower.

The modern 5.0-liter four-valve Twin Independent Variable Camshaft Timing (Ti-VCT) V-8 engine in the new Mustang GT will deliver 412 horsepower and 390 ft.-lb. of torque. At the same time, fuel economy is projected to be better than the previous model and unsurpassed in the segment.

“This all-new 5.0-liter engine is the next chapter in the development of the world-class Mustang powertrain portfolio,” said Derrick Kuzak, group vice president, Global Product Development. “It’s a thoroughly modern engine for the times, delivering the performance and fun-to-drive factor that enthusiasts want, while improving fuel economy.”

Performance *and* fuel economy

The 412 horsepower and 390 ft.-lb. of torque delivered by the 2011 Mustang GT 5.0-liter V-8 represent significant increases versus the 2010 model year output levels.

The six-speed automatic transmission on the 2011 Mustang GT will deliver up to an estimated 25 mpg highway and 17 in the city. This is up from 23 mpg highway and 17 city for the 2010 model. Six-speed manual transmission Mustang GT models for 2011 are projected to deliver 24 mpg highway and 16 city, matching the 2010 model but delivering significantly more horsepower and performance feel.

2011 Mustang GT fuel economy is enabled by the Ti-VCT, the six-speed transmissions in automatic or manual variations, EPAS and an additional rear decklid seal to enhance aerodynamics.

Fuel economy also is aided by engineering a lightweight powertrain. The engine, as shipped, weighs just 430 pounds. This represents a weight savings of more than 20 percent versus the previous 5.0-liter offering. Lower mass can be attributed to the aluminum block and heads, the lightweight composite intake manifold, composite cam covers and hollow camshafts.

From the 5.0 fender badges to the new engine cover, Mustang GT honors and continues the proud heritage of its predecessors. The speedometer increases to 160 mph and the tachometer redline advances from 6,500 to 7,000 rpm.

Three vibrant new colors will be added for 2011 including Yellow Blaze Tri-Coat, Race Red and Ingot Silver.

The New 2011 Mustang GT 5.0L

November's Message — *from the President*

"Happy New Year!"

Hi DMC,

It is hard to believe that 2010 is upon us already. All of this snow on the ground has not let us forget it's winter and I'm guessing that much like my Pony, yours has spent a lot of time in the stall the last few months.

Well, before you know it, we'll have them out running again, and I can hardly wait!!!

I do want to take a minute to thank Jerry & Wendy, Ken & Linda, Wes, and Jeff & Carrie for all their hard work putting on a wonderful Holiday party. It was great to see everyone! The food was good and the venue was nice. If you have ideas for next year's party, please look into them and bring them to the February meeting to be put on the table for next year. What a great the event we had this year!

Your DMC board, along with some great helpers, spent about 3 hours this last month planning for 2010. Did you know 2010 represents 45 years that the Denver Mustang Club has been in continuous operation? We are planning some special events and memorabilia items to mark this milestone year for the DMC. Some of you have been members for many, many years and if you have logos, art work, old newsletters, dash cards or other DMC memorabilia we could borrow for this year's 45 anniversary celebration, please bring it to the meeting or contact me, and I can arrange to get it. We also have other events & ideas in mind for 2010. If you have any ideas please bring them to the meeting and we can put them on the agenda.

I am really looking forward to 2010, I hope you are as well. I wish you and your families a very healthy and happy New Year!!

Mike

DMC can bowl!

By Tim Steenson, DMC Newsletter Editor

Saturday, November 14th, DMC accepted a challenge from the Early Mustang Club, kicking off the first annual inter-club bowling event at Brunswick Zone. Each bowler bowled three games, and their scores were totaled.

DMC will be caring for the traveling trophy for the next year, thanks in part to Jim Coper bringing a couple of "ringers", Rich Barnes and Joyce Barnes, who turned in the highest male and female scores for the DMC team. Jim was the highest scoring male DMC member, with a 552, while the highest scoring female DMC member was Linda Smith, with a 408. Brooke Smith took home the "Don't Ask" trophy!

DMC Coffee Table Book

By Mark Gomez, DMC Member

As we discussed last year, we will be putting together a Coffee Table book featuring DMC cars.

Every member who submits their material by March 12th will have a page in the book.

1. 2010 Membership Dues must be current before the deadline
2. Only pictures of Mustangs or other “relevant” Fords can be included. (Sorry, no Dodge Ram pickups!)
3. One page per paid membership but you can have multiple pictures on your page
4. At the April Monthly meeting, we will circulate a draft copy of the book. Please make your edits at the meeting. Alternatively, the draft book will be available at:
Signal Graphics, 3200 S. Wadsworth Blvd from April 1st to April 16th – M-F; 8am to 5pm. Tel: 303.969.8818. (Ask for Jeff or Bob.)

Come by and review the book and make your changes

A final version will be available for review at Signal Graphics from April 22nd to May 4th. It then goes to press. Goal is to distribute books at the May Club Meeting.

Costs to members: TBD

Assumptions:

We will have at least 50 members in the book. If we have fewer participants, club may cancel the project. (Assuming a 50 page book, club cost will probably be around \$20 each.)

There is no minimum on the number of books.

Price could change based on the number of submissions/page.

Preferably photos need to be at least 3mega pixels (or 300 dpi). This is to ensure best possible printing quality. We will work with all submissions regardless of quality.

Submission:

Email any text you want on the page

Include any photos

The subject on the email should be: Denver Mustang Club Coffee Book – Attn Jeff. (This is important to ensure it gets properly managed.)

The page you end up on will be based on years as a club member. The longest serving members will be in the front pages, and newer members will follow.

One email per submission please—Email address: print@SignalGraphicsLakewood.com

Or, you can bring your hard copy photos to be scanned at Signal Graphics. To keep things on track, please do this by February 28th. Call Bob or Jeff at 303.969.8818 ahead of time if you want to wait while your photos are being scanned. (Please do this for your valuable photos - especially for anything you can't replace.)

Membership Update

by Geri Durbin, DMC Membership Chair

Time for a New Year!

2010 signals the start of a new year and a new decade. Happy New Year DMC. There is no better place to spend the year than with your friends and fellow Mustang lovers in the Denver Mustang Club. Many exciting events are already being planned for 2010. If you have any event suggestions just bring it up to any of your board members.

Dues are Due

Your annual membership dues are due. DMC by-laws state annual dues of all active members will be due and payable within 60 days after the beginning of the calendar year. We add a grace period of 30 days (i.e. the end of March). Memberships not renewed by the end of March will be removed from the membership list and will no longer receive the club correspondence. However we will accept your membership dues at any time and gladly return you to the list. Dues remain the same for 2010, \$23.00 for renewals and \$28.00 for new members. Dues can be paid at membership meetings, or if unable to attend the meetings mailed to the P.O. Box at:

Denver Mustang Club
P.O. Box 621111
Littleton, CO 80162

Membership Is Everyone's Business

It takes all of us to keep this club going, whether general or board member. It has come to my attention from being your membership chair the last several years that most of our new members are due to you spreading the word about our club. Thank you. To aid you in spreading the word, DMC contact cards will be available for you to use to give to any fellow Mustang lover to direct them to our club. The front of the card has our club name with one of our "Fred" logos and represented by (you plug your name in there). The back has our contact number and club meeting info. Pick up a few of these cards from the membership table at any meeting for distribution. Additionally, direct any interested person to our website at www.DenverMustangClub.com.

The DMC is 45!

This year the Denver Mustang Club will celebrate its 45th year of existence. Our club was founded in 1965 and is the oldest Mustang club in Colorado. In addition the DMC is one of the nation's original Mustang clubs operating continuously since 1965. Membership has grown each year and is now made up of members spanning all age groups (including individuals that have been members since club inception). The time has arrived to celebrate our club and its' history. Stay tuned.....
